		Attempts historical sequence or chronological order is evident.	Uses limited but mostly accurate supporting evidence. Attempts historical sequence or chronological order is evident.	Uses supporting evidence. Historical sequence or chronological order is evident.	Uses appropriate supporting evidence. Historical sequence or chronological order is evident.	Uses detailed relevant supporting evidence. Historical sequence or chronological order is evident.	Uses detailed relevant evidence consistently to support all generalisations Historical sequence or chronological order is evident.

N0 = No response; no relevant evidence.

Note: *This is a holistic judgement.*

Generally a long-term cause would be an event +/- 10 years before the chosen historical event.

Candidates could show evidence of prioritisation or evaluation and this should be rewarded. However, it is not a requirement to achieve at E7 / E8.

Candidates do not have to use the words 'cause' and 'consequence' in their responses.
